

FOOD COOP

The United Asian Communities Center was begun in the spirit of unity and struggle. It is our belief that the unity of Asian Peoples in New York City is an effective means by which we can struggle together with or against the forces which affect our lives.

Recently, because of the economic crises, which seem to be hitting everything, food prices have been skyrocketing. We think decent and inexpensive food is a fundamental human right. To that end we have begun a Food Coop with which we hope will serve 2 purposes:

- 1) To enable people of different Asian Communities to work, share and learn together around something basic and concrete.
- 2) To begin to fight against high food prices by working together and buying wholesale.

As yet we have started only with a few items such as:

soy sauce (Chinese & Japanese)
oyster sauce
rice

And we are thinking of adding non-perishable products such as:

instant noodles
instant coffee
tea (loose/bags)
sugar
paper products

Of course, the scope of our Coop is dependent entirely on the interest and participation of those it hopes to serve. Please fill out the questionnaire and return to a staff person or mail to:

United Asian Communities Center
43 West 28 Street
New York, New York

or call: 684-9276
