Dear Kochiyama Family:

I received your most welcomed letter, today along with the money. It found me the highest of spirits and in good health. I hope that this letter finds you and your family the same.

It a pleasure to find out how friend and admirers Malcolm have and they are many. I use the present tense term, because they are still his friends and have not deserted him, and they have multiplied.

I thank you and family once again for the letter and money.

Cordially yours

Reuben Francis

P.S: I go to court tomorrow, which will be March 12, 1965. May the God you believe in, bless your family.
